

Dedication

To My Late Father

As I promised

To those who scarified their lives for the cause of justices and freedom, in Cairo and other
cities

Acknowledgement

I would like to express my deep and sincere gratitude to my supervisor, Dr. Ashraf Ashour, Director of Civil Engineering Studies, University of Bradford, for his detailed and constructive comments, and for his important support throughout this work.

His wide knowledge and his logical way of thinking have been of great value for me. His understanding, encouraging and personal guidance have provided a good basis for the present thesis.

I am deeply grateful to my dear friends Dr. Atef Al Eraki, Assistant Prof. Zagazik University, Egypt, and Dr. Shalby AL Shalby, Lecturer in Mechanical Engineering, Damascus University, for their valuable advice, extensive discussions around my work and interesting explorations in the MATLAB operations which have been very helpful for this study.

I wish to express my warm and sincere thanks also to Mr. Christopher Sedgwick, Lecturer in Structural Eng. Leeds College of Building, for his assistance in proof reading this thesis.

I warmly thank my Wife, Dr. Hala, and Sons Abdullah, final year Civil Eng. Student Leeds Met University and Omar first year Civil Eng. Student Bolton University for their help in revising the made corrections due to my poor sight ability.

I also wish to thank Mr. John Purvis, Mr. S. Walker, disability officer, Bradford University, Mrs. Margaret Haldane, Senior Clerical Officer, Bradford University for their sincere support and help during the difficult moments of this research.
